

THE KING'S HERALD

It is a land the **LORD** your God cares for; the eyes of the **LORD** your God are continually on it from the beginning of the year to its end.

Deuteronomy 11:12

TIME FOR GIVING THANKS

After a month of hard work by students and staff, it is time for a well-deserved long week-end. Autumn is my favourite time of the year. I like the cool nights, the fresh air and the changing colours. I spent my youth on the farm. Fall was always the best season - bringing in the harvest from the fields that had produced their bounty. Fall is a natural time to give thanks to God for all that we receive.

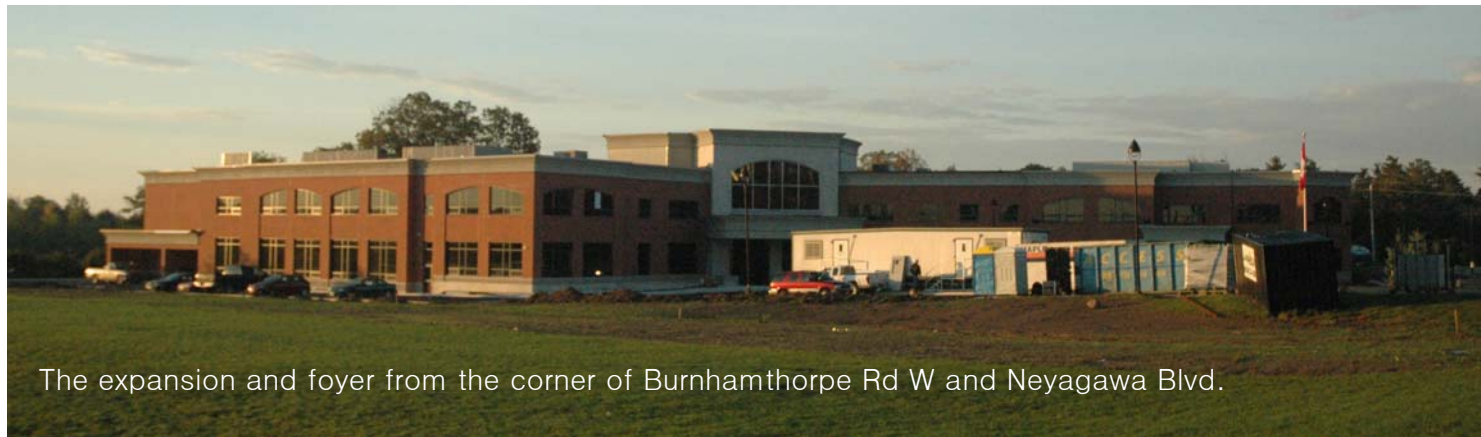

When you sit down to the Thanksgiving feast this week-end, you will want to remember all that you have received. Perhaps you will reflect on the gift of friends, parents, great teachers - and of course, the turkey! And let us not forget the source of all good gifts - our wonderful Creator God.

Have a great week-end.

Every good and perfect gift is from above, coming down from the Father of the heavenly lights, who does not change like shifting shadows.

SIGN, SIGN, EVERYWHERE A SIGN!

At King's, our custodial staff has been ensuring that our school continues to be an excellent learning facility. One area of concern has been the abundance of signs and posters that go on the walls. We ask that if students want to post an item on the walls, they first have it signed by a sponsoring staff person. Included should be the date when the posting can come down. Those posting signs will be responsible for removing them. Thank-you for tending to the unnecessary clutter.

CONGRATULATIONS to King's 2006 Grad **Eva Bactor**, (pictured, right) recipient of the Queen Elizabeth II "Aiming for the Top" Scholarship. This award is granted by the Ontario Government in recognition of outstanding academic achievement in the final years of secondary school. We are proud of all our King's grads and like to maintain contact with them as they progress through university and college and into careers. If you have any Alumni news, please be sure to contact the school with updates.

RUB-A-DUB-DUB - WE RACED A TUB

Sunday, September 24 was Bath Tub Race Day - a community event in support of the United Way. Area high schools compete in racing bath tubs on wheels across Lakeshore Road. Our team of **Britney Freeman** (Student Council Minister of Athletics and Bath Tub Race Captain), **Tristan Sandhu** (Anchor), **Akua Tabi**, **Theresa Tang**, **Elizabeth Suthers**, **Natasha Moes**, **Victoria Nagy**, **Matt Karabela**, **Daniel Stackaruk**, **Michael Awad**, **Tyson Theaker**, **Liam Cameron**, and **Matt Reinders** made us proud with a fourth place finish. School spirit was high as King's students and staff came out to cheer on our team.

RIBBON CUTTING CEREMONY - TIME TO CELEBRATE THE COMPLETION OF THE PHASE 2 EXPANSION!

Join supporters, students and staff on **Thursday, November 9** at 4:30 pm (just before the Gala) for an hour of celebration and thanksgiving as we officially open the Phase 2 expansion. Tour the expanded facility and be our guest for refreshments immediately following the ceremony. Then we will proceed to the Burlington Convention Centre for the Gala and Silent Auction, beginning at 5:30, with dinner at 7:00. We look forward to seeing the entire King's community that night! For Gala tickets, call the King's office.

MEN'S VOLLEYBALL

On September 22, the Senior Men's Volleyball team traveled to Abbey Park High School to compete in a 10 team tournament consisting of schools from far and near. The day started off with a tough match against Acton High School, the eventual champions of the day. With a whopping 15 players on the roster, coach Walraven was kept on his toes, balancing player development and the ever present need to stay competitive. At the end of the day, each of the 15 players had made good contributions to the team. Both individual skill and team play increased significantly. Highlights of the day included a game win against Burlington Central and some beautiful blocking from **Yuri Lychacz**, first time player in his grade 12 year. The regular season continues every Tuesday and Thursday for the month of October, as well as tournament dates set for Saturday October 14 at Redeemer College, and November 3 & 4 in Belleville, Ontario. Be sure to check our webpage for updates!

WOMEN'S BASKET-BALL

Cava-what? Cava-liers!!
Cava-what? Cava-liers!!

Our Women's team continues to fill gymnasiums with our team cry, letting all who are near that King's is in town! Passionate in their play and hard-working to the final whistle, our Women's basketball team proved to all at a recent tournament that they are team that will compete every second of the game. No matter the score, we play to love the game. Finishing fourth with a 1 win, 2 loss record, the Lady Cavaliers are primed for the regular season.

Be sure to check the calendar so you can join in our cheer.

CAVA-WHAT? CAVALIERS!!

PRAYER POLE

NEW TIME: Join our growing group of praying parents and supporters **Thursday mornings at 8:30** as we pray for the concerns of the King's community and give God the glory for His mighty work in our midst. This year we will have a designated room for our weekly prayer meeting and a staff representative to guide us in praying knowledgeably about the needs of the school community.

Praise God for answered prayer! We have been praying fervently that the Town of Oakville would grant us a building permit for our kitchen after a considerable delay in the process. Only hours after a significant time of petitioning God about this need, the permit was granted! Thank-you, Lord!

A CHAMPION IN THE MAKING

Our own **Alison MacLeod** in Grade 12 (pictured below), is living life in the fast lane. Alison has been car racing for Ford Focus for four years, and has received accolades from those in the know, including Anne Stevens, Ford's executive VP and CEO. In a recent Toronto Sun interview, Stevens said, "Intellectually, Alison is unquenchable, which at 17 years old, is just so perfect. So she's got the analytical side down. On the racetrack, she is a woman who is willing to push the limits, but not one who is going to go too far and crash out. She has the perfect capabilities to be a championship driver in the future. And there is nothing more that Ford Motor Company wants than to have the first woman NASCAR champion." Could that champion be our own Alison? We'll be watching from the sidelines - and cheering her on!
